2028R Happy Ball Basic Bundle Figure

[Step 1]
Bend the positioning board as 90 °, and appropriately lock carry-out frame at the top.

[Step 2]
In the inner edge of the bottom of positioning board stick the floral leak-proof film.

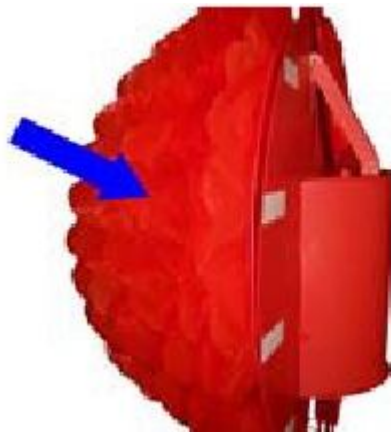

[Step 3]
Install the positioning board within the ball.

[Step 4]
To fix the ribbon by the hoop at two sides in the ball.

[Step 5]
To fix the theme screen by the hoop at two sides in the ball.

[Step 6]
Open the ball and use staples to strengthen the adhesive area.

Note: This ball carry tension is only about 1.5kg, so please pull down slowly with appropriate strength. Do not pull hard instantly.
